# EVERYTHING YOU NEED TO KNOW ABOUT OTTAWA PSYCH FEST

**FESTIVAL ORGANIZER/PROLIFIC PSYCH ROCK MUSICIAN/CKCU  
RADIO HOST/RECORD STORE OWNER JOHN WESTHAVER PRIMES  
US FOR THE OTTAWA PSYCH FEST. GET PSYCH SAVVY!**

## ABOUT CARDINAL FUZZ RECORDS

was started as an extension of the UK based Optical Sounds fanzine in the summer of 2010. Head honcho Dave Cambridge; a longtime music fanatic, was noticing so many wicked new bands had no vinyl releases and the underground

psych scene was not getting much attention paid to it. **THE DEAD**

**SEA APES, THE JANITORS** and **THE COSMIC DEAD** at this point in time were rendering some of the most exciting music in the genre. Driven by his major love for the legendary UK psych behemoths **SPACEMEN 3** and Bristol's

**THE HEADS**, these 2 bands formed the spiritual guidance and groundplan for Cardinal Fuzz and the rest is history and ongoing.

## ABOUT THE NAME

Both the fanzine Optical Sounds and the label Cardinal Fuzz were named out of love and respect for

2 of Dave's favorite bands, the former for American garage psych band The

Human Expression and their 1966 single "Optical Sound". The latter a track by THE HEADS!

## THE CONNECTION

Dave Cambridge first crossed my path in 2010 as he had "discovered" my long running radio program on CKCU-FM called FRIDAY MORNING CARTUNES and THE BIRDMAN SOUND Blog. He was mostly interested in THE BAND WHOSE NAME IS A SYMBOL and what they were all about. 5 whole years later we picked up the original conversation and Cardinal Fuzz has since become the main vessel for music by TBWNIS.

## A PSYCH TREAT FROM THE U.K.

Short note on Ottawa Psychfest 2018....a real Cardinal Fuzz showcase, as all artists have been released or are associated with the label. The Golden Rule is a brand new psych/drone duo based in Manchester, UK and feature Dave Cambridge (guitar) and Brett Savage (guitar) of Dead Sea Apes fame (one of my favorite bands...all their records are exceptional and highly recommended). These two cats make their official debut @ House of Targ on July 7th! I am excited by this too no end !

# ADVENTURES OF TARG VEGAN

THE LFSY BEST

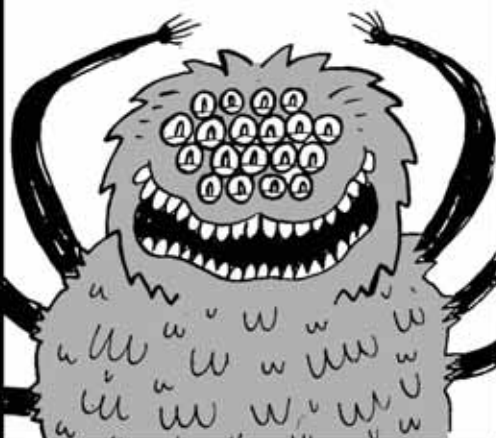

THE OTHER DAY I WAS MAKING A SALAD.

I CHOPPED INTO A FRESH HEAD OF LETTUCE AND A SPIDER POPPED OUT.

IT WAS AT THAT MOMENT THAT I REALISED ALL THOSE WEIRD STATISTICS ABOUT SPIDERS WERE TRUE...

SPIDERS LOVE SALAD!!

I LOVE SALAD!!

RIPLEY'S Believe It or Not!

Released in 2004 by Stern Pinball, RIPLEY'S was designed by Pat Lawlor of Funhouse, The Addams Family, and Twilight Zone fame (among many others).

This is a three flipper, four ball game packed with modes, fun callouts, and DMD animations. In this month's lesson I'll be going over the main multiball mode which will help you travel to the various continents with Dr. Ripley in search of Atlantis.

## SHRUNKEN HEAD MULTIBALL

At the start of the game, the Shrunken Head is immediately lit for the following awards in order:

- The Head Knows - a points award
- Odditorium - a strange fact and some points
- Collect Bigfoot Value - built up by the bumpers
- Lite Lock

- After four shots to the head, a ball lock is lit on the right ramp.
- Two balls need to be locked and then the final Shrunken Head award is to start Multiball.
- Once in Multiball, the centre and right ramps are lit for Jackpots.
- Once a Jackpot shot has been made it stays unlit until the other Jackpot is collected.
- After two Jackpots have been collected the Super Jackpot is lit at the upper loop!

Good luck finding Atlantis & happy "girning" - Monty

## Did You Know.....

- There are about 3500 parts in a pinball machine
- There is about 1/2 mile of wire in a pinball machine
- There are approx 1200 nuts, screws & washers in a pinball machine
- There are about 115 lights in a pinball machine

# BELIEVE IT OR NOT!

**GAME: POLICE TRAINER**  
**YEAR: P&P MARKETING 1997**  
**RANK: ★★★★★**

'Property Of Metro Police Academy' is the slogan for Police Trainer, a 1997 simulation game not only made to stimulate your senses, but your mind as well. In fact, other games involving mind AND eye coordination include Point Blank (1998), Mad Dog McCree; Legend Of The Lost Gold (1994), and The Last Bounty Hunter (1995).

Here in Police Trainer, you have fulfilled your dream- joining the police academy. Your goal: to rise up the police ranks and become Commissioner. For that to happen, you must take and pass a series of tests to claim one ranking (i.e Patrolman to

Sergeant) and keep moving up in promotion until you reach the Commissioner stage. Once you become Commissioner, the game ends.

The levels are Easy, Medium, and Hard. Within each level are 2 divisions: Patrolman and Sergeant, Detective and Captain, and Chief to Commissioner. There are 6 tests per division and you must pass all six to rise in ranking. In each test there is a quota that must be reached. If a bell goes off before the score is tallied, you've met the quota AND passed the test. DON'T FAIL! A buzzer will sound if you don't make the quota. However, you can retake the test if you choose to do so. Remember, you must pass all 6 tests to claim the ranking.

The tests you'll be taking include speed, intelligence, precision, timing, memory, judgment, motion, accuracy, marksmanship, and visual acuity. Don't forget to use your mind and have a keen eye for some of these tests. And the quota targets will diminish each time you fail, so taking the test again will be easier.

Happy Canada Day, gamers! See you next month!

# THE WOMEN OF S.O.S.FEST

GOTTA SEE IT TO BE IT! WOMEN HAVE ALWAYS OCCUPIED PROMINENT POSITIONS IN ELECTRONIC MUSIC - FROM SUZANNE CIANI & WENDY CARLOS TO GRIMES. GET INSPIRED BY THESE DIODE DIVAS & CHECK THEM OUT LIVE AT OTTAWA'S SYNTHESIZER FESTIVAL WED JULY 25 - SUN JULY 29.

## LAURA WHITMORE DICKENS - LEUCROCUTA S.O.S.FEST - THURS JULY 26

**FIRST SYNTH:** My first synth was a little synth I built from a kit by bleeplabs called the Nebulophone.

**ALBUM THAT SWITCHED YOU ON TO SYNTHS:** Switched on Bach, and Wendy Carlos' music in general. I come from a classical background, so using synths for arrangement and sound design was appealing to me!

**ADVICE FOR WOMEN WHO WANT TO START MAKING ELECTRONIC MUSIC:** Just start playing around! It's just a game, you don't need much, just experiment and learn as you go. Also, don't be afraid to collaborate, it is very rewarding! I feel like there is often this fear (based in reality) that if you collaborate your work won't be seen as your own. But screw that, artistic collaboration is very rewarding!

## VJ DAISY - RAAS S.O.S.FEST - FRI JULY 27

**FIRST SYNTH:** Casio SK1 that I made into a Video Synthesizer started me on my journey of love of synths. Then the Monotron came out and I was hooked for life.

**ALBUM THAT SWITCHED YOU ON TO SYNTHS:** Ladytron 604 made me realize the importance of synths in music. Beastie Boys introduced me to Perry and Kingsley and In sounds from way out.

**ADVICE FOR WOMEN WHO WANT TO START MAKING ELECTRONIC MUSIC:** Just do it!!! There is a place for you no matter what your level but be confident, do lots of research and experiment

## HOLLIE - BRUSQUE TWINS S.O.S.FEST - FRI JULY 27

**FIRST SYNTH:** The first synth I had access to was the ENSONIQ ESQ-1, the first synth I bought was the Arturia Microbrute

**ALBUM THAT SWITCHED YOU ON TO SYNTHS:** Depeche Mode - A Broken Frame

**ADVICE FOR WOMEN WHO WANT TO START MAKING ELECTRONIC MUSIC:** Use whatever you have access to. If you don't have money to buy gear ask friends, borrow, do trades, use cracked software... whatever! Just start doing it! Don't waste anytime, everything will fall into place once you start.

## GAENOR HOWE RATIONAL YOUTH S.O.S.FEST - FRI JULY 27

**FIRST SYNTH:** MicroKorg.

**ALBUM THAT SWITCHED YOU ON TO SYNTHS:** Landscape - From the Tearooms of Mars...to the Hell-holes of Uranus - (1981 Cherry Red Records).

**ADVICE FOR WOMEN WHO WANT TO START MAKING ELECTRONIC MUSIC:** Be brave. Just get up there and follow your own star. The joy of synth music is that

there is no 'right' way to do it. Don't be tentative, don't be shy, and don't think you have to be like anyone else. And let who you are and what you do change and adapt as you go on. Or not. Just go and do and be.

**JULIETTE  
SARAVEJO & MOI**  
*S.O.S.FEST - SAT JULY 29*

**FIRST SYNTH:** A Korg polysix. I fell totally in love with the sound of it. I was not twenty years old at the time, so, for me, it was a lot of money. But I had to get it

**ALBUM THAT SWITCHED YOU ON TO  
SYNTHS:** Music For The Masses and  
Black Celebration by Depeche Mode

**ADVICE FOR WOMEN WHO WANT TO START  
MAKING ELECTRONIC MUSIC:**  
Work on your sense of humour, you will need it, a lot. Be brave and strong and don't be afraid to take your place. Dont take yourself to seriously while working hard on your craft. And most important: dont take shit from anyone :)

**DANA JEAN PHOENIX**  
*S.O.S.FEST - SAT JULY 29*  
**FIRST SYNTH:** My Grandmother owned a Wurlitzer Orbit III that I used to spend hours playing as a kid. The first synth I bought for myself was a MicroKORG.

**ALBUM THAT SWITCHED YOU ON TO  
SYNTHS:** Janet Jackson's Control, which led to my obsession with all things Jimmy Jam and Terry Lewis: The Time, Alexander O'Neal, Cherrelle, SOS Band.. etc.

**ADVICE FOR WOMEN WHO WANT TO START  
MAKING ELECTRONIC MUSIC:**  
You'll have to be bold to be heard at times, but pick your battles. And, always try to plan ahead, especially when touring!

# SISTERS IN THE CITY

INTERVIEWS WITH  
Inspirational Women in the Ottawa Arts, Business & Entertainment Scene

BY: WIZARD SHEILA

**AN INTERVIEW WITH  
MIQUE MICHELLE**  
**BORN:** West Nipissing  
**JOB TITLE(S):** Graffiti/Mural Artist, Arts Facilitator

*MIQUE is a Franco-Ontarian mixed media artist from West Nipissing. She has been a backbone in the local urban arts/graffiti scene for over 10 years & has created many festival murals including ones for Escapade, Glowfair, House of Paint & many more! Mique remains a strong advocate for abolishing negative perceptions of graffiti.*

**WHAT JOBS AND EXPERIENCES  
HAVE LEAD YOU TO YOUR PRESENT  
POSITION?** I wanted to be a butcher! Grab the meat my family hunted and prep it, but I didn't want to see my nieces, my community become statistics. So I had to get off my ass. Bringing home the bacon, literally was not enough. Participating in organisations that showed me what democracy is and how to ensure humanity was practiced to everyone. Not just those who are not of visible or invisible minorities. I didn't know how to do that until I was introduced to Graffiti... I picked up the can... few years later I was introduced to murals and VOILA! This Franco-Ontarian has not dropped the can since.

**WHAT DOES A TYPICAL WORK DAY  
ENTAIL FOR YOU?** Love this question; cause typically it never applies to what I do. But one thing that is common is that I meet new people ALL the time, every mural is a different story. I'm so fortunate and privileged that because of my can people share their stories or knowledge. So what I hope is typical is that I know how to "Pass the Mic" to not tell the story for the community I'm in but to give the tools so they

can tell their own story... If that makes sense. I'm super aware that English ain't my first language so I sometimes text or talk like I'm a MASH up of Arnold and Van Dam. Only difference I don't do splits on washing machines.

**TELL US ABOUT A PROJECT OR  
ACCOMPLISHMENT THAT YOU  
CONSIDER TO BE THE MOST  
SIGNIFICANT IN YOUR CAREER SO FAR.**  
I learned a lot and am still learning from The CREW I painted with in Mish (Mishkeegogamang). After hearing of the suicide pacts, I was sent to paint a mural on a garage door. Also, I have to mention working alongside Kalkidan last summer I learned to be patient and not hulk out. Ya, Kal's work is incredible

**WHAT DO YOU LIKE THE MOST ABOUT  
WORKING IN THIS INDUSTRY?** SO, I think what I like most of working in my industry; is the sharing. Hip HOP. The core of it. The rebellious way of communicating something using an element that you can't avoid. Ensuring our democracy, or just letting people know "We got this!" ....OH!!! The collabs are my fav part.

HOW DO YOU BEST SEEK OUT OPPORTUNITIES FOR NEW PROJECTS? Seeking new opportunities. . . . Well said cause you have to kick down doors. LUCK has nothing to do with it. I've also been surrounded and supported by amazing people. Like Mike and Sabra from House of Paint, Robbie who has always reached out. Ottawa has a crew of people who hustle and it's GORGEOUS, how can you not hustle while listening to Rita Carter and Aspects or the new EMAG album by Buck n Nice?

WHAT WOULD YOU TELL SOMEONE ABOUT TO START A CAREER IN YOUR FIELD? Hahahah FIELD. . . F\*ck the stereotypes, you can live off your art. IT'S NOT A HOBBY, bowling and darts are hobbies. This isn't. You can also thrive without leaving your community. I work mostly in FRANCAIS in Ontario, or out of the province Moncton and others. Artists have the advantage of being creative . . . CREATE YOUR CAREER. Mold it so it respects your mandate and values.

FIND MIQUE ONLINE

Sheila is a TARG Perogi Wizard & is heavily involved in the local music scene as a promoter. She is also an aspiring sound tech.

MAYFAIR THEATRE - 1074 Bank St.

**Hola Tom! I used to be a popular actor, but now I'm washed up! I can't get any good parts anymore and my career is going down the drain. What can I do? Help me, Tom! Signed, Kevin Costner**

**HEY KEV, BABY:** It's been a while... good to hear from you! You've come to the right man. I've got some ideas guaranteed to get you back on the 'A' list! People used to love it when you did those futuristic, post-apocalypse movies... remember? You were the toast of the town! We 've gotta get you back to in those sort of roles! And sequels are all the rage these days. Jumanji! Ghost Busters! Kev, my man... the kids today love remakes and sequels. So here's some script ideas for you to think about:

Remember Waterworld? You were dynamite! How about

"Waterworld 2: Dances with Dolphins"? It's GOLD baby! Listen to this:

After the melting of the polar ice caps, most of the globe is underwater. A Civil War soldier called the Mariner (that's you, Kevin!), develops a relationship with a band of Lakota Indians who have adapted to the ocean by developing gills. The Mariner falls in love with a mermaid who has a pretty hot bra made out of sea shells. Soon the sinister Smokers are pursuing them and you get to run around in ski boots. Trust me babe, the kids are gonna eat this shit up!

What? You don't think Hollywood will go for it, Kev? Ok, how about this: remember when you did 'The Postman'? Well, how about a sequel? How about 'The Milkman'? Check this out:

Years after American dairy tariffs have left Canada in dystopian disarray, a nomadic traveler becomes known as the Milkman (that's you, Kev!) wanders through towns in the Ottawa Valley, delivering dairy products and saying 'sorry'. Thanks to the Milkman's presence, people begin to believe that the milk marketing board has been restored. During his travels, the Milkman becomes involved with the 1996 Ottawa Super Ex Dairy Princess, and clashes with the dictatorial Doug Flood. I tell ya, Kev, it's a blockbuster!

Ok, maybe you're not crazy about that one. Let's forget the post-apocalypse thing for now and go back to your roots. Have you seen The Hunger Games? The kids love bows and arrows these days! How about this... "Robin Hood 2 – Field of Dreams":

Robin of Locksley (That's you, Kev! You're the star!) hears a mysterious voice one night in a cornfield saying "If you build it, he will come". So he travels to Iowa to build a baseball diamond. When he arrives, he discovers his dead father in the ruins of his family estate, killed by the ghosts of great baseball players. You even get to shoot a bunch of baseball ghosts with flaming arrows! How awesome is that???

I tell ya Kev, baby, if ya wanna get back in the game ya gotta trust me! Take my advice and you'll be back on top before you can say "JFK"! These are the kinda flicks you've gotta start making, baby... Call me! - Your pal (and don't forget - 20% on the gross!), Slo' Tom

**BOOJI BOYS - SACKVILLE TAPE**  
Sewercide Records  
Released: April 28th, 2018

These east coast boys just won't quit. If you've been paying attention, then you already know that the Booji Boys from Halifax are one of the hottest Canadian rock groups currently on the market. They

released 2 LPs and a 7" last year, and have already put out a hot cassingle in 2018 (which is just a little teaser of their next 7" to come). It features a rip roaring original, and a cover of a classic tune by Belgium's The Kids. Go listen to it now, cuz this two song tape is more essential than the entire Barry Manilow discography (even the album where, on the back cover, he's a wearing a shirt that says "I Love Beagles" whilst holding a beagle). Everything these guys have done has been phenomenal, and just the one original on here makes me excited from what more may come.

For fans of: Mother's Children, Chloroform, Radiation Risks, DEVO, and brat rawk of all shapes and sizes

LOOKING FOR EVEN MORE GREAT CANCON???

Be sure to check out the second iteration of Targ's own Switched On Synths fest at the end of this month to see a great selection of (mostly) Canadian synthpop, Hi-NRG, darkwave, techno, and experimental synth stylings.
